# Jeff Wang Rushes To CIF Record

Top-rated teams on both the "AAAA" and "AAA" levels strengthen their positions in the "Top Ten" poll.

The only teams to fall from the "Top Ten" last weekend were Whittier on the "AAAA" level, which fell victim to Monrovia, 14-7, and Tustin on the "AAA" level, which lost to Orange, 34-20.

Two new CIF individual standards were established, both by boys whose teams were not victorious in their games.

Jeff Wang, fleet-footed half-back from South Torrance, scampered for 349 yards and five touchdowns in South's 32-32 deadlock with North Torrance Friday night. Wang's yardage output surpassed the 342-yard mark established last season by Ed Giles of Long Beach Poly.

Wang tallied his six-pointers on runs of 87, 1, 1, 2, and 39 yards. The stage was set for the racehorse game in the first minute of play as North returned the opening kickoff for a touchdown and South came back on the first play from scrimmage to score. Wang, enroute to his record, also racked up 42 yards on pass receptions.

In the San Gabriel Valley, Nogales High's Joe Gomez clicked on 32 of 45 pass attempts for 247 yards and a new CIF completion standard, eclipsing the 29 completions recorded by Joe Contestabile of Hawthorne in 1953 and tied by Jack Surina of Chino two weeks ago.

Eight of Gomez's completions went to his twin brother as Nogales bowed to ninth-ranked "AAA" powerhouse Azusa, 35-21. Gomez is a 6-2, 195-pound junior.

# Ram Offense Shouldn't Get Too Swell-Headed

The Ram offense is beginning to jell, but it doesn't have time to get swell-headed about it.

Averaging 29.5 points a game and moving the ball well on the ground and in the air, the Los Angeles offensive unit has a big test Sunday in Chicago when it meets a Bear defensive team that is always one of the NFL's best.

Ram coach George Allen's arsenal is growing, however.

Roman Gabriel, who threw his eighth touchdown pass in the 28-28 tie with the Redskins last week, climbed over the 500 completion percentage level for the first time since the league opener. Gabe, moving higher among the NFL's passers each week, now is 88 for 173 and 1,274 yards.

Flanker Bernie Casey took over the team leadership in receiving with 23 catches for 382 yards and two scores.

# Stops Tormenting Rectal Itch

Exclusive Formula Promptly Stops Itching, and Relieves Pain of Piles in Most Cases

New York, N.Y. (Special): One of the most tormenting afflictions is the burning itch caused by piles. It's most embarrassing during the day and especially aggravating at night. "Scratching" only makes the condition worse. No matter what you've tried without results—here's good news.

A scientific research institute discovered a special medication which has the ability, in most cases—to promptly stop the burning itch, relieve pain and actually shrink hemorrhoids.

# Dean Martin Announces Rich Golf Tournament

Entertainment star Dean Martin may have a later start in the role of tournament golf sponsor than buddies Frank Sinatra, Bob Hope and Bing Crosby, but Dean gets top billing.

Martin has anted a record \$125,000 purse for his Dean Martin Golf Party which will be staged Nov. 6-12 at Rancho Municipal Golf Course in Los Angeles.

Dean also has an 18-hole, \$5,000 pro-celebrity-amateur tourney Wednesday, Nov. 9, making the total prize list \$130,000.

The 72-hole tournament proper starts Thursday, Nov. 10, and concludes Sunday.

With the \$25,000 first prize check as the attraction, tournament director Paul Warren expects most of the top pros to compete here in the closing chase for the coveted "Leading Money Winner of The Year" title.

The Dean Martin Golf Party is the last official tourney of the year carrying such a big first prize. Conceivably, Julius Boros, Billy Casper, Dan Sikes, Doug Sanders and Frank Beard—all members of the 100 Grandeur Club for 1967—could, with a hot streak, overtake money leaders Arnold Palmer and Jack Nicklaus.

Martin, an avid golfer who doesn't need a script writer to do his golf scores—he's currently a 6 handicapper at Bel-Air CC—will compete in the pro-celebrity-amateur tournament.

Dean was honored as "Golf-er of The Year" for his contributions to golf at the All-American College Golf Team Dinner at the Waldorf-Astoria Ballroom last August.

# Los Alamitos Purse Set

Purses exceeding \$725,000 will be distributed to horsemen during the fall quarter horse racing season opening Tuesday, Nov. 21 at Los Alamitos, and the record total could possibly reach three-quarters of a million dollars.

Director of racing Ed Burke in releasing the attractive stakes schedule for the 29-day session that ends Saturday, Dec. 23, announced the overnight minimum for all divisions would be raised over those of past meetings.

Among the candidates are seven returning lettermen, including last year's two top individuals, Hal Grant and Steve Ebey.

# Meeting of Baseball Group To Be Held

A meeting of adults interested in youth baseball in Torrance will be held in the near future.

Bill Korchenky, who called the meeting, said a decision would be reached concerning the inactiveness of the Torrance Youth Sports Council.

The council was organized a decade ago to coordinate youth baseball in Torrance.

**Emmett Kelly is happy about our silicones.**

To create "Weary Willie" takes a lot of cosmetics or makeup. Once they were hard to apply. They caked, crinkled, gave performers an unnatural look.

Today, cosmetics with silicones give a smooth natural look. Easy to apply, easy to remove.

Union Carbide has developed silicones for an amazing range of products and purposes.

Examples: add silicones to paints and they become easier to apply; cover surfaces evenly, uniformly. Put them in spray on starch and irons won't stick to cloth. Coat ovens with them and grease wipes off easily. Used on leather, shoes become water-repellent. Added to polishes, they give cars and furniture a quick, long-lasting shine.

Silicone quibber? It stands the extreme temperatures of outer space. And silicones are great for making things stick together that ordinarily wouldn't stick together at all. Like making glass and metals adhere to many materials.

What will we do next with the amazing silicones? There's no telling. We never stop experimenting. And at Union Carbide we experiment with practically everything.
